**President's Message**  
 By Jerry Jones

As I write, we are nine months in to our *self* quarantine, fires continue to destroy our state and our elections are in full swing. Wow, what an interesting series of events.

For many in our industry, we continue to thrive, while other businesses are not so lucky. This pandemic, if nothing else has taught me a bit more tolerance and compassion, but let's face it social distancing sucks. Well maybe just a little tolerance.

I am a firm believer that as companies, we will emerge stronger with a new knowledge of how to be productive while working in the chaos we call home. The challenge will be how do we hire, train, encourage and motivate our staff and continue to feel we are a part of the group. How do we re-invent the social aspects of the company. Without the daily banter, Work is just Work!

Not only are we electing a president this year, but as Californians we have twelve (12) propositions to decide, ranging from stem cell research to rent control.

ACEC California Government Affairs Director, Tyler Munzing, periodically reports on legislative matters for ACEC California members. If you have an interest and you are not receiving those Legislative Briefs,

ACEC members can contact the ACEC California office to be added to the distribution list. [Click here](#) for access to the ACEC California website to see the most recent Legislative Briefs, for a rundown of legislative affairs.

With that said the chapter board had its planning meeting in August and it’s first board meeting in September all held virtually. Our Chapter Meeting will be held virtually on **OCTOBER 21, 2020 at 12:00PM**. We will be using Microsoft Teams, so look for your invitation shortly. Citrus Circuits will be giving a presentation on their robotics competition.

We would like to welcome three new members to the chapter:

UNICO Engineering, is a certified DBE firm providing construction management, land surveying, program management and systems integration services to public and private clients. UNICO serves clients throughout Northern California with a current staff of over 55 from their corporate office located in Folsom, and branch office in Oakland, California.

HULL, Inc. is a Civil and Land Surveying firm whose engineers and scientists focuses on transportation, land development, utility and water and wastewater solutions for private and public-sector clients.

KCM Engineering Inc, provides construction management services for public agencies, including management and coordination, construction contract administration and project closeout.

Look forward to seeing everyone soon.

# HULL

Environment / Energy / Infrastructure

[hullinc.com](http://hullinc.com)

**Our vision is to preserve and improve quality of life within our communities by solving complex problems related to environment, energy and infrastructure.**

John Hull, PE, established Hull Consulting in 1980, with a focus on environmental engineering. As the scope of our work expanded in Ohio and across the nation, so did the firm's technical expertise and size.

In 1987, Hull Consulting became Hull & Associates, and employed a broad range of professionals providing services in virtually all areas of environmental management.

Hull has seen expansion through acquisition in the 2000's and as a result, moved into the Oil & Gas Energy sectors and also extensively into infrastructure engineering with roadway, bridge, trails and all forms of civil engineering.

We also support renewable energy projects and have an extensive record of success in Brownfield redevelopment and funding and grant writing. Our Eco and Wetlands portfolio includes the largest Mitigation Bank Stream Restoration project in Ohio.

At Hull, we take great pride in being an industry leader helping our clients design innovative solutions to transform their projects by delivering enduring results through creativity, excellence and unwavering integrity.

Today, we offer a comprehensive and integrated suite of Environmental and Civil engineering services. Together, Hull has approximately 165 employees providing diversified professional staff across our eight offices, six in Ohio and one each in Pennsylvania and Texas.

#### Our Clients Include:

- Municipalities & Local Governments
- Water & Sewer Districts
- Economic Development Agencies
- Port Authorities
- Real Estate Developers
- Energy Companies
- Educational Institutions
- Healthcare Facilities
- Parks & Recreation Agencies
- Mitigation Banks
- Real Estate Investment Trusts
